Associates are rewarded with one of the industry's most robust compensation plans on a diversified product portfolio. You also have access to the industry's most powerful business platform where, from day one, you receive the support and systems necessary to get started and continue to grow at every level. As you advance through our ranks and build your business, you can earn more money while helping more people.

Personal Income

Every time you help a client and write new business, you earn a commission. As you reach certain preset levels, your commission percentage increases. Because we encourage our associates to reach out to everyone, and not just high earners, there are no limits to how many people you can help.

Agency Income

As you grow and expand your agency business, you have the opportunity to mentor and coach newly licensed associates. As these licensed associates write new business, you can earn a portion of the overall commissions.

Expansion Income

There are no territories to hold you and your business back. You're free to expand your business anywhere in North America.** From a local team to teams that you establish in other towns or even other states, our platform supports your efforts and helps you support your organization.

Bonus Income

Qualified leaders earn a pro-rata share of an override on our entire field force. Your portion of the bonus can grow based on your organization's production. Company-wide bonus pools can multiply and compound your earning potential, while rewarding leaders for the quantity and quality of their business.

*In order for a WFG associate to receive any compensation, they must be appropriately licensed and/or registered.

*Are you ready to claim the tremendous
potential that awaits you at WFG?*

- 1 WFG's advancement guidelines are subject to change at any time. Unless otherwise specified, advancement guidelines are for all WFG associates.
- 2 Advancement requires approval of direct upline SMD.
- 3 Advancement requires approval of direct SMD and CEO MD.
- 4 A Builder's Exchange is a one-time option that must be requested concurrently with the SMD advancement.
- 5 The associate must maintain an acceptable Tracked Block of Business (TBB) for six (6) months following their SMD advancement to retain their "qualified" SMD status. If the associate does not maintain an acceptable TBB, he/she will remain at level 20 but they will no longer be a "qualified" SMD, so his/her upline cannot count the SMD toward any Executive Level advancements until the SMD re-qualifies with all new production.
- 6 No more than one-half (1/2) Net points can be personal and one-half (1/2) or less Net points can be from any other leg. Flanked points can count toward an advancement to SMD if the flanking occurred while the downline reported to the upline MD (Level 17) – transfers do not apply - or if the downline earned the advancement to SMD prior to the upline MD.
- 7 The associate must have an acceptable Net Point Ratio (NPR) to qualify for an advancement.
- 8 Points/Legs earned through Base Shop Standard of Excellence will not count toward advancements. To maintain an EMD level, an associate is required to be dually licensed. If an associate is not dually licensed at the time of his/her advancement to EMD, he/she must obtain his/her securities license within six (6) months from the date of the advancement. Please see MyWFG.com for more information on the Base Shop Standards of Excellence.
- 9 For EMD, CEO MD and EVC advancements, the associate must maintain an acceptable Tracked Block of Business (60% minimum) for six months following the advancement. If the EMD does not maintain a TBB of 60% or higher, he/she will be demoted to SMD; if the CEO MD does not maintain a TBB of 60% or higher, he/she will be demoted to EMD; and if the EVC does not maintain a TBB of 60% or higher, he/she will be demoted to CEO MD.
- 10 An exception advancement to SMD (Level 20) will not count as a leg toward an upline's Executive Level advancement until that SMD (Level 20) associate fulfills all the published SMD requirements. A recent transfer/MAP cannot count as a qualified SMD leg for a period of six (6) months.
- 11 For EMD and CEO MD advancement levels, no more than one-half (1/2) Net points can be from any other leg or the associate's own base shop.
- 12 No more one-third (1/3) Net points can be from the associate's own base shop or any other leg.
- 13 WFG is the paymaster of any compensation to associates from WFGIA and TFA, pursuant to the terms, rates and/or schedules established by WFGIA and/or TFA. Compensation terms, rates and/or schedules for products sold or referred through WFG are established by WFG. WFG, WFGIA and TFA reserve the right to change their respective compensation terms, rates and/or schedules at any time.
- 14 To participate in the bonus pools, the associate must be the appropriate level for the entire month.
- 15 For bonus pool payout information, please check your commission statement on MyWFG.com.
- 16 Pool compensation is subject to change at any time without prior notification.
- 17 Percentage of total pool dollars.
- 18 If an SMD (Level 20) meets the points and/or recruit requirements and does not have the minimum Tracked Block of Business (TBB), he/she will be given two exemptions to remain in the pool. However, if the SMD falls below the minimum TBB after using the two exemptions, he/she will be excluded from any Base shop Pool for which he/she does not meet the TBB requirement. The two exemptions are only available to SMDs.
- 19 To participate in the Super Base and Super Team bonus pools the associate must be securities licensed the entire month. An EMD advancement that relied on an SMD advancement – one that is within six (6) months of the associate's run for EMD – whose qualified SMD status has been revoked will retain his/her EMD advancement level but will not be able to qualify for Super Base, Super Team or Advisory bonus pools until the EMD meets the three (3) direct SMD legs requirement.
- 20 Opportunities to build other income may be achieved by qualifying for additional compensation and by qualifying for bonus pools.

- 21 Commission amount may vary based on product type and size of purchase.
- 22 This is a hypothetical scenario for illustrative purposes only. There is no assurance that these results can or will be achieved. Income is earned from sales of WFG authorized products and services. No income is earned for recruiting. See the current WFG Product Guide for compensation percentages on all diversified product lines. All compensation plans subject to change. Advancement criteria/designations are determined and offered by or through WFG. Personal percentages earned on products may vary based on advancement level with WFG. Assumes WFG Associate contract level of 35%, SMD contract level of 65%, SMD override level of 30%.
- 23 Associates of WFG are independent contractors, regardless of field title/designation.
- 24 Example assumes all SMD's team members are at the Associate level.
